AMERICA 250 EDITION

EDER FLAG[®]

American Made ★ Employee Owned

DEAR VALUED CUSTOMERS,

In 2026, our nation marks a historic milestone—250 years of liberty, unity, and the enduring symbol of the American flag. For over a century, Eder Flag has proudly supplied the flags and flagpoles that tell that story—on front porches, town squares, stadium fields and national landmarks alike.

This special edition catalog honors our shared heritage and looks forward to the future. We invite you to explore our full line of American-made flags and industry-leading flagpoles as we celebrate this once-in-a-generation moment—together.

– The Eder Flag Team

America
250

HONORING THE PAST.
Inspiring the Future.

In 1976, as America celebrated its 200th birthday, Eder Flag was proudly producing thousands of flags to mark the nation's Bicentennial. From historical flag sets and Bennington flags to the grandest of them all - the American Flag, our dedication to craftsmanship and patriotism flew high across the country.

Today, nearly 50 years later, we're doing the same - only greater. With skilled hands, time honored methods, and the same unwavering spirit, Eder Flag continues to weave the story of our nation - one star, one stripe, one stitch at a time.

FLAG TYPES, MATERIALS AND ADD-ONS

MOUNTED FLAGS

Small, handheld flags, also known as mini or stick flags, are miniature versions of national or other symbolic flags securely mounted on a stick for easy waving or display. They can range in sizes from 4" x 6" to 12" x 18" and the flags are offered in a variety of materials.

12" x 18" Lightweight Poly Cotton
on Natural Staff with Gold Spear

4" x 6" Mounted Cotton
No-Fray

LIGHTWEIGHT POLY COTTON

U.S. Flags Only

- Printed on lightweight cotton.
- Hemmed on all four sides.
- **Most popular economy choice.**

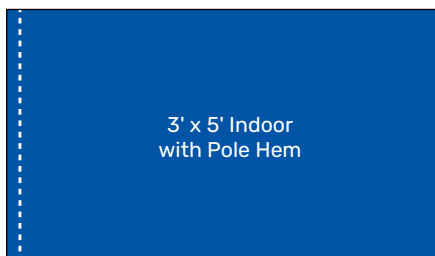

COTTON NO-FRAY

- Made of special no-fray material that doesn't require hemming.
- Mounted on 3/16" x 10" natural wood staff with no tip.
- **Ideal for larger promotions and giveaways.**

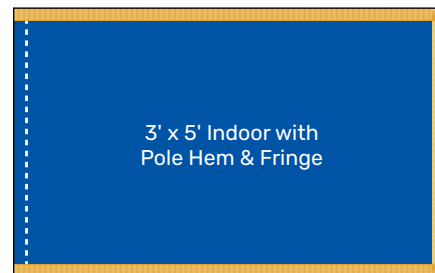

INDOOR / PARADE FLAGS

POLE HEM OR POLE HEM & FRINGE ADD-ON

Add the pricing below to any outdoor flag to determine the price for an indoor/parade flag. All pole hems include a leather tab for mounting flag on a pole. Fringe is 2" wide.

3' x 5' Indoor
with Pole Hem

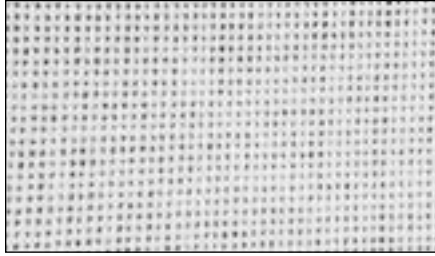

3' x 5' Indoor with
Pole Hem & Fringe

Flag Size	Pole Hem Only
2' x 3'	\$17.00
3' x 5'	21.50
4' x 6'	24.00
5' x 8'	29.50
6' x 10'	39.00

Flag Size	Pole Hem & Fringe
2' x 3'	\$34.00
3' x 5'	43.00
4' x 6'	48.00
5' x 8'	61.00
6' x 10'	79.00

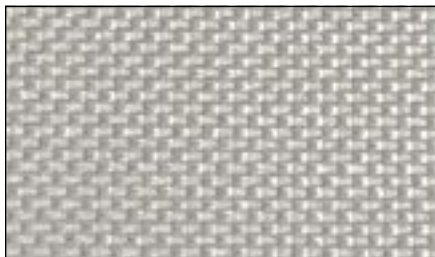

OUTDOOR FLAGS

Outdoor flags are designed to withstand the elements and are typically used for display purposes, both decorative and symbolic. Our outdoor flags are made from the most durable materials like nylon and polyester and feature reinforced stitching and a sturdy canvas header to ensure longevity in outdoor conditions.

POLY-MAX™ FLAGS

- Made of 2-ply 100% polyester bunting.
- Open weave construction reduces wind resistance, increasing flag life.
- Extremely durable.
- Finished with canvas header and brass grommets.
- **Ideal for commercial applications and high wind areas.**

ENDURA-NYLON™ FLAGS

- Made of 100% heavyweight, 200-denier nylon bunting.
- Aniline-dyed for vibrant color and enhanced UV resistance.
- Treated to resist fading.
- Fast drying.
- Finished with canvas header and brass grommets.
- **Flies in the slightest breeze.**

CARING FOR YOUR NEW FLAG

Your flag is more than fabric—it's a symbol of honor, pride, and tradition. Every flag endures the elements differently, and with proper care, you can extend its life and keep it flying beautifully. Take these simple steps to protect your flag and preserve its beauty:

Avoid exposing your flag to high winds or extreme weather conditions, which can shorten the overall life of a flag considerably. Be proactive and take the flag down BEFORE inclement weather occurs. If storing the flag and it has become wet, be sure to spread the flag out to dry completely before folding.

If needed, hand-wash with mild detergent and cold water. Rinse with cold water and lay flat to air dry.

Repair the flag after initial signs of fraying and have back-up flags available, rotating them often.

Do not fly a flag where it can come into contact with other surfaces such as building walls, gutters, trees, wires, etc. Your flag could quickly become tattered or torn.

EDER FLAG AMERICAN MADE U.S. FLAGS

Eder Flag’s handcrafted U.S. flags are more than just fabric—they represent Made in America values, skilled craftsmanship, and a deep-rooted tradition of excellence.

100% MADE IN AMERICA

- Every flag is fully manufactured in the United States, using American-sourced materials and labor. This dedication supports U.S. jobs and meets the Federal Trade Commission’s strict “Made in USA” guidelines.
- Eder Flag is a proud, certified member of the **Flag Manufacturers Association of America (FMAA)**, ensuring our products meet verified standards of American origin.

EXPERT CRAFTSMANSHIP

- Each flag is meticulously sewn by experienced flag makers.
- We focus on precision stitching, reinforced fly ends, and intricate star detailing—whether embroidered or appliquéd—for lasting durability and beauty.

A TRADITION OF EXCELLENCE

- Established in 1887, Eder Flag has over a century of experience in flag making.
- We uphold time-honored techniques passed down through generations of skilled flag makers.
- Our legacy reflects a steadfast commitment to quality, durability, and American pride.
- Trusted by government agencies and municipalities, veterans, and patriotic families across the country.

WATCH THE FLAGMAKERS

The Flagmakers offers a powerful, behind-the-scenes look at the people and purpose behind Eder Flag. It brings the story to life in ways that go beyond words on a page:

- **Humanizes the Craft:** The film follows the diverse team of immigrants, refugees, and lifelong Americans who come together every day to handcraft U.S. flags. Their stories reflect the very values the flags stand for—resilience, unity, and hope.
- **Illustrates Our Values:** Viewers see firsthand how Eder Flag’s commitment to Made in America, skilled craftsmanship, and a tradition of excellence is carried out on the factory floor.
- **Deepens the Meaning of Eder Flag Product:** The documentary makes it clear that each flag is not just sewn—it’s shaped by real lives and meaningful stories.

AS FEATURED IN

THE FLAGMAKERS

Every flag is proudly handcrafted at our Eder Flag headquarters in Oak Creek, Wisconsin.

Meet the staff that help handcraft our flags.

STARS

EMBROIDERED STARS

12' x 18' and smaller flags come standard with embroidered white stars.

APPLIQUED STARS

15' x 25' and larger flags have opaque white nylon stars with zigzag stitching throughout.

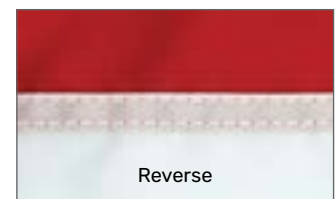

STITCHING

CHAIN-STITCHED

LOCK-STITCHED

HEADER FEATURES

HEADERS

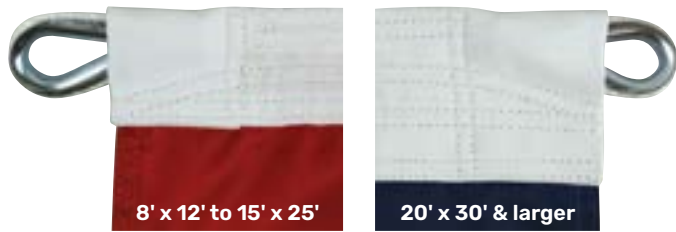

All headers are made with a heavy-duty, white cotton-polyester blend army duck cloth.

2x3 through 6x10 flags are constructed with canvas header and brass grommets.

ROPE THIMBLE

8' x 12' and larger flags include plated steel rope thimbles. Thimbles are attached to white rope using a triple crimped rope sleeve. The length of the rope is sewn into the header to stabilize its position and prevent bunching.

GROMMETS

All grommets are solid brass. Grommets are spaced evenly throughout the length of the header. 12" x 18" flags have #1 grommets and 16" x 24" and larger flags have #2 grommets.

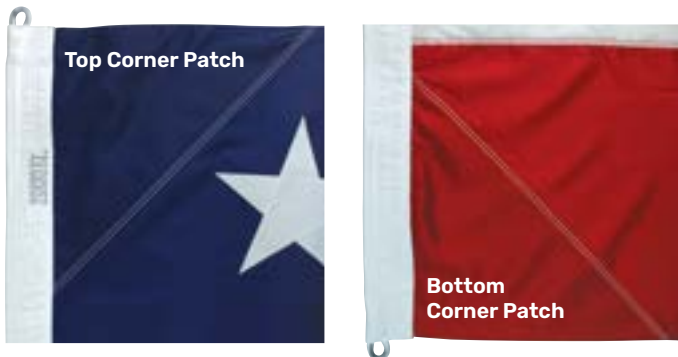

#1 Flat Rimmed

#2 Rolled Rimmed with tooth washer

CORNER PATCHES

10' x 15' and larger flags include a 2-ply corner patch sewn into each header corner.

GROMMET REINFORCEMENT

8' x 12' and larger flags include a heavy-duty plastic reinforcement sleeve at each grommet location.

FLAG ETIQUETTE

WHEN TO DISPLAY THE AMERICAN FLAG

The flag should be displayed on all days when weather permits, especially on legal holidays or other special occasions. It is customary to display the flag from sunrise to sunset on buildings or on stationary flagstaffs in the open. However, on special occasions it may be displayed at night, preferably lighted. In several places the flag flies day and night; among these are the Capitol in Washington, D.C., and the Fort Henry National Monument in Baltimore, which was the inspiration for "The Star Spangled Banner" by Francis Scott Key.

The flag should be displayed...

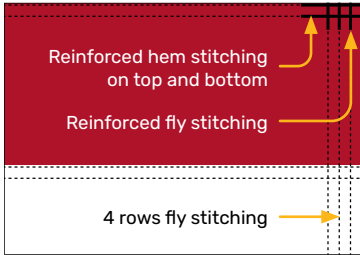

- on or near the main administration building of every public institution
- in or near polling places on election days
- in or near schools when they are in session

A citizen may fly the flag on any day they wish.

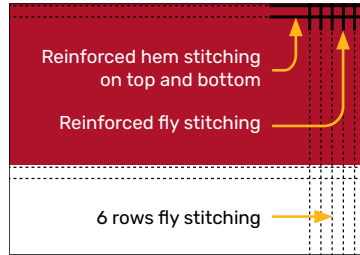

FLY STITCHING REINFORCEMENTS

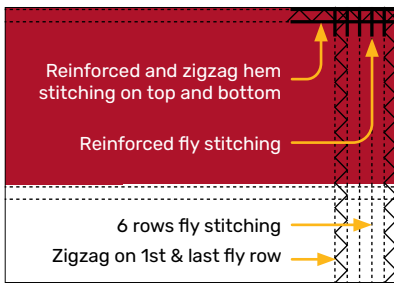

3' x 5' – 5' x 9-1/2'
1" Double Fold

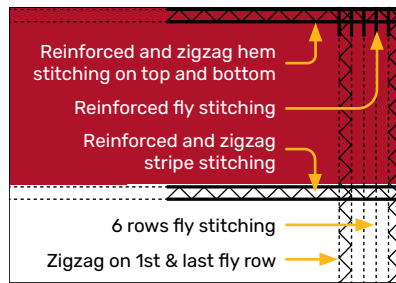

6' x 10'
1-1/4" Double Fold

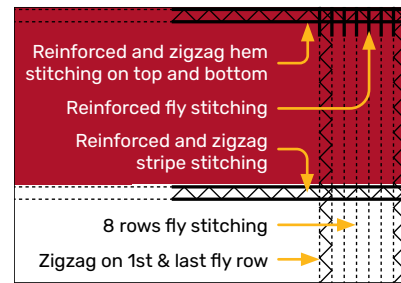

8' x 12' – 12' x 18'
1-1/2" Double Fold

15' x 25' – 20' x 38'
1-1/2" Double Fold

25' x 40' & LARGER
2" Double Fold

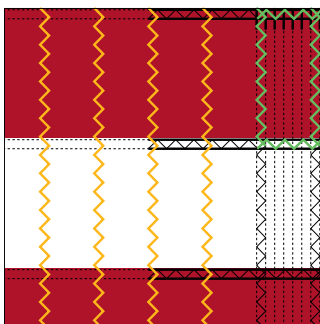

VERTICAL STITCHING & REINFORCED CORNERS

Can be added to any flag in this catalog.

Vertical Stitching & Reinforced Corners (shown on a 25' x 40' or larger flag).

Yellow represents the extra vertical stitching and green represents the reinforced corners.

Size	Price	Size	Price
3' x 5'	\$25.50	15' x 25'	\$101.00

POLY-MAX™ U.S. FLAGS

Our Poly-Max Flags are crafted using 2-ply 100% polyester bunting. The open weave construction reduces wind resistance, increasing flag life. Poly-Max material is extremely durable and ideal for commercial applications and high wind areas. Finished with white poly-cotton header. See [page 7](#) for additional flag specifications.

* The PF80 and PF80-VS are not intended to be used on a flagpole. This size in polyester would be for display purposes only.

MODIFIED U.S. FLAGS

Welcome to the premier collection of Modified & Stadium Size American Flags, where unmatched craftsmanship meets monumental scale. Whether you're outfitting a grand arena, hosting a major event, or making a powerful patriotic statement, our flags are designed to command attention and inspire pride.

Explore our exclusive line of top- and framed-header American flags, expertly modified for secure, high-visibility hanging in expansive indoor or outdoor spaces. Ideal for stadiums, auditoriums, and large-scale ceremonies, these flags are built to perform and impress.

Need something even bigger? Our Stadium Flags with Handles – available in sizes up to 150' x 300' – deliver breathtaking impact for sporting events, arenas, and national celebrations. **These flags are 100% made in the USA.**

FLAG ETIQUETTE

AMERICAN FLAG DISPLAY GUIDELINES

PROCESSIONS & GROUP DISPLAYS

- When carried in procession with other flags, the U.S. Flag should lead: positioned at the right-front of the column or, if in a line, at the center front.
- The flag must never be carried flat or horizontally—it should always be held aloft and free.
- When grouped with other flags on staffs, the U.S. Flag belongs in the center or at the highest point.
- When crossed with another flag, the U.S. Flag should be on its own right, with its staff in front.

DISPLAY FROM BUILDINGS

- When flown from a staff projecting from a window, balcony, or building front, the union should be at the peak (unless flown at half-staff).
- When displayed flat—indoors or outdoors—the union must be positioned uppermost and to the flag's own right (the observer's left).
- In windows, the union should also be to the observer's left.

STREET & SIDEWALK DISPLAYS

- When hung over the middle of a street, display the flag vertically: union to the north on east-west streets, and to the east on north-south streets.
- When suspended over a sidewalk from a rope extending from a building to a pole, hoist the flag outward from the building, union first.

PLATFORMS, PULPITS & AUDITORIUMS

- On a speaker's platform, the U.S. Flag may be displayed flat behind the speaker or flown from a staff on the speaker's right; other flags go to the speaker's left.
- In churches, the flag should be on a staff to the clergyman's right as he faces the congregation; other flags to his left.
- When displayed on the floor of a church or auditorium, place the flag to the audience's right.

MULTIPLE FLAGS & HALYARDS

- When flown with state, city, or organizational flags on the same halyard, the U.S. Flag must always be at the peak.
- When flown on adjacent staffs, it should be raised first and lowered last.

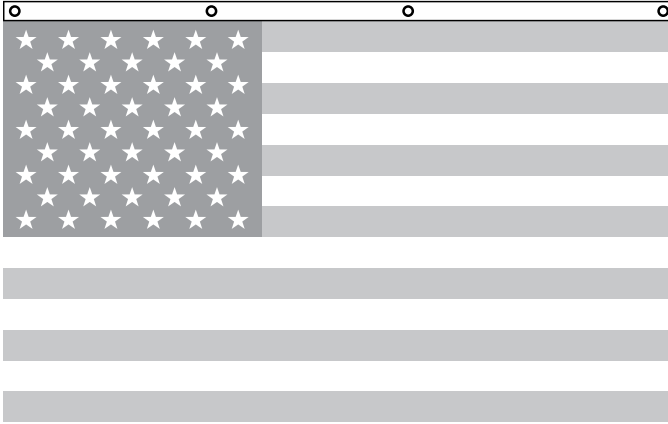

CASKET DISPLAY

- When used on a casket, position the union at the head and over the left shoulder.
- The flag should not touch the ground or be lowered into the grave.
- The casket is carried foot-first from the hearse to the grave.

MODIFIED U.S. FLAG CONSTRUCTION OPTIONS

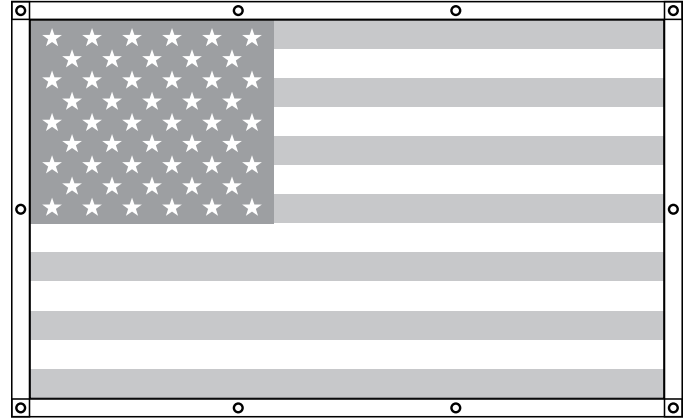

TOP HEADER

The grommets are spaced evenly across the top header only. The quantity is determined by the flag size.

FRAMED HEADER

The grommets are spaced evenly on all four header sides. The quantity on the top and bottom headers is the same as that of a top-header flag of the same size. The remaining grommets are spaced evenly along the left and right headers.

INVISIBLE HEADER

The grommets are spaced evenly across the top header. The quantity is determined by the flag size. Additional grommets are placed in the lower left and right corners.

DOUBLE ROPE

Rope headers with steel thimbles are attached to the left and right sides of the flag. Grommets are spaced evenly along the headers. The quantity is determined by the flag size.

Our State flags are crafted in accordance with each state's official design specifications, ensuring accurate representation of their symbols and heritage.

The flags are produced using high-quality, durable materials designed to withstand the elements, making them suitable for both indoor and outdoor display.

The outdoor State flag selection has a unique pricing guide that assigns a state design into a pricing category, A-E. The pricing is located at the bottom of each page by size and pricing category.

See [page 4](#) for pricing add-ons for pole hem & fringe flags and pole hem only flags.

FLAG ETIQUETTE

CONDUCT DURING HOISTING, LOWERING, OR PASSING OF THE AMERICAN FLAG

- When the American Flag is raised, lowered, or flown in a parade or review, all are asked to show the highest respect.
- Those in uniform – Render a proud military salute.
- Members of the Armed Forces and Veterans (not in uniform) – May also salute the flag in honor.
- All other persons –
 - Face the flag and stand tall at attention.
 - Place your right hand over your heart as a sign of respect.
 - If wearing a non-uniform headdress, remove it and hold it at your left shoulder, with your hand over your heart.
- Citizens of other nations – Kindly stand at attention as a gesture of respect.
- When the flag moves past in a parade or procession, render this tribute at the moment the flag passes before you.

HONOR OUR FLAG. HONOR OUR FREEDOM.

Joint Detail

15/16" DIAMETER BUDGET WOOD LEAD PARADE BANNER POLES

- Made of hardwood.
- Poles come complete with slip fit wood ball ornaments on each end.
- Pole length was determined by allowing 2" on each side for the ball ornaments and 6" on each side for hand positions.

Pictured banner not included in the pricing to the right.

Item #	Model	Length	Rec. Banner Width	# of Sections	Price	Lbs.
050440	BP36	40"	24"	1	\$14.90	.84
050441	BP48	52"	36"	1	16.90	1.1

COLLAPSIBLE ALUMINUM PARADE POLE

Pole collapses to 5' 2" with flag still attached, allowing for easy storage. Pole adjusts to any height between 5' 2" and 10' using a tool-free twist-lock setting. Comes with ornament top adapter*, cord & tassel ring, flag rings and capped bottom. Available in shiny gold anodized finish only. Intended for parade use only; not for use in floor stands.

* Compatible ornaments must not include spindle or ferrule. Recommended for use with 2'x3', 3'x5' or 4'x6' flags.

HISTORICAL FLAGS OF THE U.S.

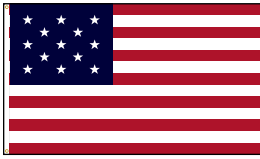

EVOLUTION OF OLD GLORY

Shown here are the 27 legal flags flown throughout our history, with effective date(s) and state addition(s) that changed the star field.

By law, a star is added to the U.S. Flag on the 4th of July following the admission of a State(s) to the Union.

Contrary to popular belief, the first official U.S. Flag was not the Betsy Ross Flag (13 stars in a circle) but the staggered star pattern shown in the 13-star flag below.

It is important to note that no U.S. Flag ever becomes obsolete. Each flag shown is still a legal flag and may be flown at any time.

13 STARS - 1777-1795
(CT, DE, GA, MD, MA, NH, NJ, NY, NC, PA, RI, SC, VA)

15 STARS - 1795-1818

GADSDEN FLAGS

The Gadsden flag and other rattlesnake flags were widely used during the American Revolution. There was no standard American flag at the time. The Gadsden flag was first used in February 1776. The flag depicts a rattlesnake in the attitude of going to strike with the words 'DONT TREAD ON ME' underneath.

OUTDOOR HONOR & REMEMBER FLAG

Honor and Remember flags show support for all the American lives lost in the defense of Freedom.

- **The Red Field** represents the blood spilled by brave men and women in America's military throughout our history, who willingly gave their lives so that we all would remain free.
- **The Blue Star** represents active service in military conflict. This symbol originated with World War I, but on this flag it signifies service through all generations from the American Revolution to present day.
- **The White Border** beneath and surrounding the gold star recognizes the purity of sacrifice. There is no greater price an American can pay than to give his or her life in service to our country.
- **The Gold Star** signifies the ultimate sacrifice of a warrior in active service who will not return home. Gold reflects the value of the life that was given.
- **The Folded Flag** signifies the final tribute to an individual life that a family sacrificed and gave to the nation.
- **The Flame** is an eternal reminder of the spirit that has departed this life yet burns on in the memory of all who knew and loved the fallen hero.

9' X 1" ROTATING POLE WITH LAWN SOCKET

This white painted aluminum 2-piece pole is your ultimate choice for a display pole. The top rotates on ball bearings so the flag will never tangle. For the easiest and most versatile installation, this pole comes with two flag fasteners for flying a grommeted flag and also with a snap and swivel ring for displaying flags with a pole sleeve and tab. The pole comes complete with a galvanized steel lawn socket.

HONORING THE AMERICAN FLAG: HOW TO RETIRE IT WITH DIGNITY

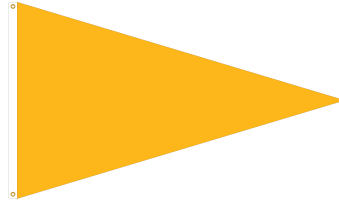

Every precaution should be taken to prevent the flag from becoming soiled. When a flag is in such a condition, through wear or damage, that is no longer a fitting emblem for display, it should be destroyed privately in a dignified manner.

The flag should **NEVER**

1. Be tilted (dipped) even momentarily to any person or thing. Regimental colors, State flags, organization or institutional flags may be tilted as the mark of honor.
2. Be displayed with the union down except as a signal of distress.
3. Be carried flat or horizontally, but always aloft and floating free.
4. Be displayed on a float, motor car or boat except from a staff.
5. Be allowed to touch the ground or floor, or brush against objects.
6. Have objects placed on, over it, or be used as a covering for a ceiling.
7. Have any mark, insignia, letter, work, figure, picture or drawing of any nature placed upon or attached to it.
8. Be used as a receptacle for carrying anything, or be used to cover a statue or monument. If used in connection with unveiling ceremonies, it should not serve as a covering of the object being unveiled.
9. Be used for advertising purposes or have advertising signs fastened to its staff or halyard.
10. Be embroidered on such articles as handkerchiefs or cushions, or be printed or otherwise impressed on boxes.
11. Be used as a costume or athletic uniform or part of one.
12. Be used as drapery of any sort whatsoever, never festooned, drawn back or up in folds, but always allowed to fall free. Bunting of blue, white and red—always arranged with the blue above, white in the middle, and red below—should be used for such purposes of decoration as covering a speaker's desk or draping the front of a platform.

ALUMINUM FEATHER FLAGPOLE

For 7' x 17" feather flags

This set comes with a two section 1" diameter silver mill finish pole - a 4' bottom and a 5' top plus a galvanized steel fabricated lawn socket. The top of the pole is capped with a plastic top plug to protect the top of the Feather Flag from premature wear.

Item #	Ht.	Color	1-11	12+	Lbs.
324185	9'	Silver	\$57.00	\$53.00	1.6

REPLACEMENT GROUND SLEEVES FOR TELESCOPING SUPERFLEX POLES

Item #	Length	Price	Lbs.
324187	21"	\$13.00	.30

TEAR DROP FLAG ACCESSORIES

TEAR DROP POLE IN-GROUND MOUNT

Once installed in the ground, the Tear Drop Flag Pole slips over a rotating spindle. The Tear Drop Pole In-Ground Mount measures a total of 23-3/8" long, with 16" of length under the rotating spindle.

Item #	1-5	6-11	12+	Lbs.
155528	\$64.00	\$61.00	\$55.00	3.2

TEAR DROP FLAGPOLE

These continuous tapering, flexible black fiberglass flagpoles measure 14' when fully assembled. The bottom measures 1" and tapers to 1/4" at the top. This 3-piece pole swedges together perfectly and all swedge points are reinforced with stainless steel fittings. Pole is rubber tipped to prevent flag damage. Comes complete with heavy-duty, black canvas carry bag.

Item #	1-5	6-11	12+	Lbs.
155527	\$138.00	\$132.00	\$114.00	3.7

TEAR DROP POLE SURFACE MOUNT

This rotating base can be permanently mounted or can be temporarily held in place with a heavy-duty water donut. When filled, the water donut holds 2-1/4 gallons of water and weighs 18-1/2 pounds. This water donut installation should only be used when winds do not exceed 5 m.p.h.

Item #	1-5	6+	Lbs.
155529	\$111.00	\$107.00	8.6

CUSTOM PRINTED FLAGS AND BANNERS

Any design and quantity can be printed using our direct print digital/dye sub process. The possibilities are endless with no limit on colors or types of image.

Outdoor flags up to size 6' x10' are finished standard with heavy duty canvas header and two brass grommets. On 8' x 12' and larger flags will be finished with roped header and thimbles.

Other finishing options are available upon request.

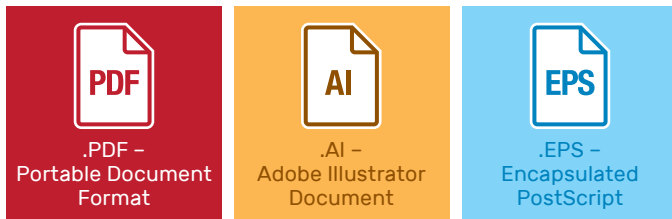

ARTWORK REQUIREMENTS

For a prompt approval process please provide the following:

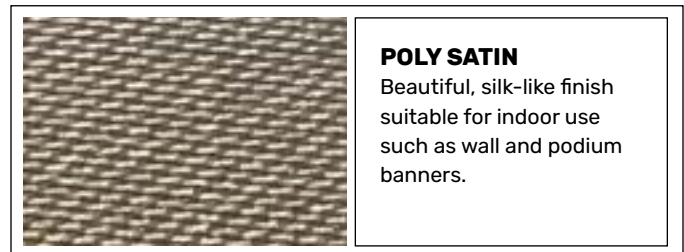

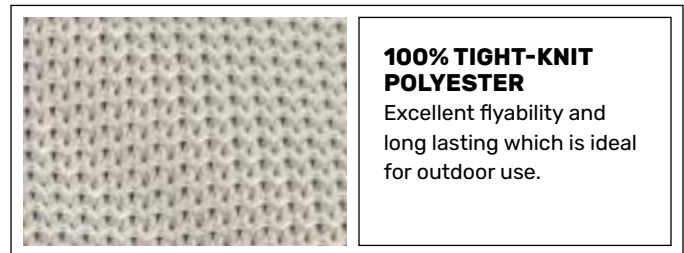

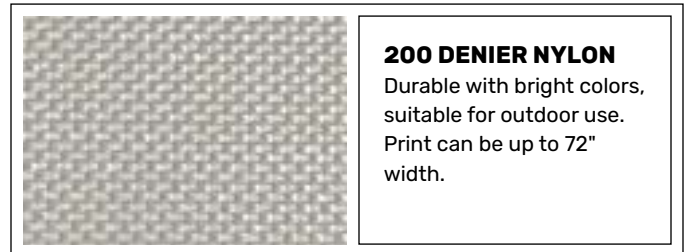

- ✓ For a clean printed image Vector art is required
- ✓ All fonts and strokes are outlined
- ✓ Spell checked for errors and proof the art
- ✓ For maximum color match include solid coated Pantone® colors

• Note: undefined process colors may not print as previewed

Preferred and accepted file formats for artwork submission:

MATERIAL OPTIONS

PRINTING OPTIONS

SINGLE REVERSE

Printed on front side with full ink penetration. On the reverse side, the image will appear backwards.

DOUBLE-SIDED

Two flags printed and sewn together back to back with a heavy duty block out liner in between.

CRAFTED FOR VIBRANT, LASTING BEAUTY

At Eder Flag, we've been expertly handcrafting appliqué flags and banners for generations. Our skilled artisans bring your logo or design to life – whether it's a small piece or a jumbo showstopper. Let us transform your vision into a bold, high-impact display that stands out.

APPLIQUED FLAGS

Appliqué is a method of layering fabric on top of fabric for the most vibrant and colorful display. The quality and detailed artistry of these flags exceed any printing style. These unique stitched flag creations are designed and hand-crafted with the finest workmanship in the industry. With appliqué, our expert sewing team individually assembles and stitches each item.

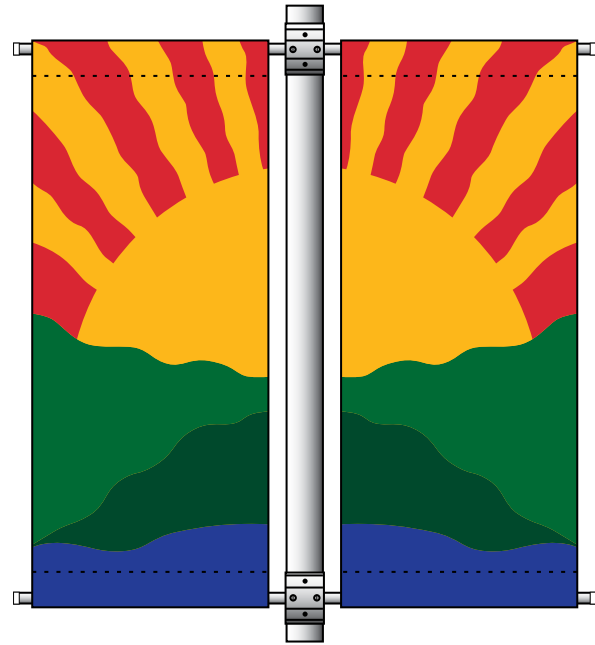

Custom Appliqued flags are individually hand-sewn using 200-denier nylon or 2-ply polyester. Appliqué is for indoor or outdoor flags, corporate logo flags, table banners, parade banners, or any other flag or banner. It also offers the opportunity to enhance existing flags or banners. Appliqued years or names can be added without producing a new banner.

ORDERING AND PRICING GUIDELINES

- Dealer must provide completed vector art before quoting for all custom appliqued items.
- Make requests and questions via email only to customdepartment@ederflag.com.
- No quantity minimums at this time.
- All sales are final – there is no cancellation once the order is processed.
- Eder reserves the right to decline to quote.
- Lead times will vary depending on the project and production schedules.
- Prices are valid for 30 days from the date of the completed quote.

DELUXE BANNER ARM MOUNTING SETS

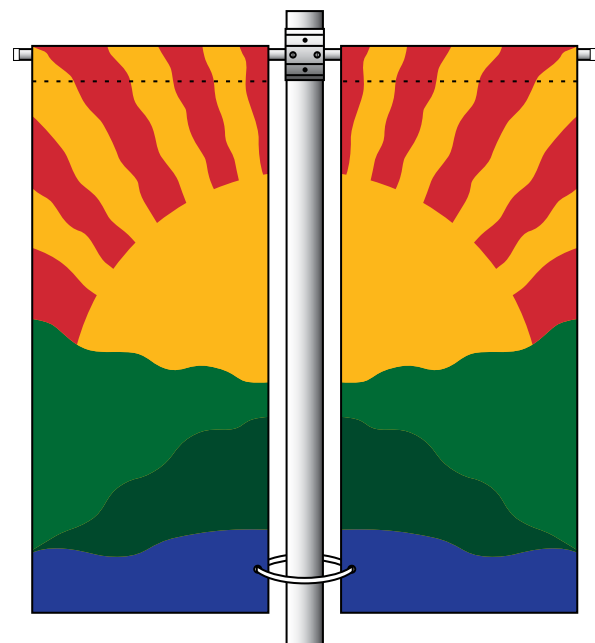

Each set contains cast aluminum mounting bracket(s) with stainless steel mounting straps. Crossbars are fabricated from 1-1/2" outside diameter clear anodized aluminum poles with white end caps for a finished look. Ideal for round poles. For square poles, see U-Bolts on [page 98](#).

DCA MOUNTING SETS

Each DCA Mounting Set is designed for use with a pair of banners with pole hems at both the top and bottom. Priced per set.

Item #	Model	Rec. Banner Width	Rec. Banner			Lbs.

NEVERFURLS

With NeverFurl® you can fly your flag all day long, every day of the year, and the wind will never wrap your flag around the flagpole. The NeverFurl® kit is easy to install and comes complete with everything needed including instructions and detailed drawings. No additional tools are required.

The design of the NeverFurl® device allows each rotator to work independently with the wind by moving up and down and rotating around the pole thereby eliminating flag wrapping. Works with all flag sizes regardless of changes in wind speed or wind direction.

OUTDOOR FLAGPOLES

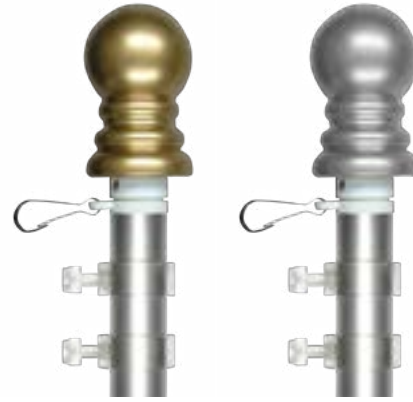

RESIDENTIAL FLAGPOLES

ALUMINUM ANTI-FURL ROTATING POLES

These 2-piece poles are available in a anodized aluminum, white painted or wood grain finish. The top of the pole rotates on ball bearings so the flag won't tangle. There's no need for an unfurling tube.

These poles come with 2 flag fasteners (for flying a grommeted flag) and a snap (for flying flags with a pole sleeve and tab). Use with brackets that accept a 1" outside diameter pole (not included). All poles are supplied with a gold ball ornament except item number 324207.

FLAG ETIQUETTE

HOW TO FLY THE AMERICAN FLAG

The flag should be raised and lowered by hand. Never raise the flag while it is furled; unfurl, then hoist quickly to the peak of the flagstaff. It should be lowered slowly and ceremoniously. The flag should never be allowed to touch anything beneath it, such as the ground or the floor.

The flying of the flag at half-staff is a sign of mourning. When flown at half-staff, the flag should be first hoisted to the peak, then immediately lowered to the half-staff position. It should be raised to the peak again for a moment before it is lowered for the day. "Half-staff" is the point midway between the top and bottom of the flagstaff. On Memorial Day in May, the flag should fly at half-staff from sunrise until noon, and at full-staff from noon until sunset.

At sea services by Navy chaplains, the church pennant may be flown above the flag.

No other flag may be flown above the United States flag except at the United Nations Headquarters. The UN flag may be placed above flags of all member nations. In the UN enclave, national flags of all members are flown with equal prominence.

When the flags of two or more nations are displayed together they should be flown from separate staffs of the same height, and the flags should be of approximately equal size. International usage forbids the display of the flag of one nation above that of another in time of peace.

1" DIAMETER ALUMINUM DISPLAY POLE SETS

- Includes 2-piece aluminum pole, gold vinyl ball ornament, 2 flag ties & aluminum lawn socket
- Available in silver mill or bright gold anodized finish

TELESCOPING FLAGPOLES

Aluminum flagpoles available in exposed heights of 15', 20' & 25'

Note: All exposed heights include the ball ornament and are approximate.

FEATURES

- **Rope & pulley free:** no tangles or knots
- **Noise free:** no clanging ropes
- **Maintenance free:** no painting, no rust
- **Sturdy & durable:** 16 gauge aluminum

STANDARD ACCESSORIES

- **Polycarbonate swivel rings:** includes a double flag harness for flying two flags
- **Clear polycarbonate pin lock collar:** fits around lowest pole button to prevent unauthorized raising or lowering of the flagpole (collar can be secured with a nut and bolt or a small lock, not included)
- **3" gold anodized aluminum ball:** with 15' and 20' poles (25' pole not supplied with ball ornament, however, we suggest a 4" diameter ball which can be ordered separately.)
- **Heavy duty PVC foundation sleeve**

WHITE TITAN FLAGPOLE SETS

These flagpoles offer exceptional quality at a budget price. The flagpole tubing sections are heavy-duty 19 gauge first run quality steel. The entire inside length of the flagpole is galvanized to prevent rusting while the outside is beautifully finished with a white powder coating. The tubing sections swedge together perfectly to provide a smooth exterior finish.

STANDARD FITTINGS INCLUDE:

- Gold vinyl ball ornament
- Pulley assembly
- Solid braided polypropylene halyard
- 2 nylon flag snaps
- Nylon rope cleat with mounting screws
- PVC foundation sleeve
- Easy-to-follow installation instructions
- Can be shipped via parcel carrier

20' TAPERED HOMESTEADER FLAGPOLE

With a Butt Diameter of 3" Tapering to a Top Diameter of 2"

All-aluminum ground set flagpole available in 20' exposed height. The silver anodized, seamless aluminum tubing sections swedge together providing a smooth exterior finish.

STANDARD FITTINGS INCLUDE:

- Nylon rope cleat with mounting screws
- Heavy-duty ground sleeve
- Kraft shipper/storage box can be shipped via parcel carrier
- 3" gold anodized aluminum ball ornament
- Cast aluminum truck with pulley
- Polyester halyard with 2 nylon flag snaps
- **Unique swedge and flared-cup design provides a smooth tapering appearance.**

INVENTORY

Eder Flag takes pride in maintaining the most extensive inventory of flagpole shafts, accessories, and flags in the USA. We offer commercial-grade cone tapered shafts ranging from 15' to 80' in exposed height. Our flagpoles ship from our headquarters in Wisconsin and our distribution center in Florida.

MANUFACTURING

Quality is paramount when it comes to shaft fabrication. Our shafts are manufactured and precisely fabricated from new, seamless 6063-T6 aluminum tubing in the USA. On-site welding and fabrication services ensure superior workmanship and design on flagpoles and parts.

Eder Flag is a proud National Association of Architectural Metal Manufacturers member.

At Eder Flag, we stand proudly behind the superior quality of our materials and craftsmanship. That's why every tapered aluminum flagpole shaft we manufacture is backed by a lifetime warranty—a testament to our unwavering commitment to excellence and durability.

Want the full details? Explore our warranty documentation below and see exactly how we stand by our promise.

LIFETIME WARRANTY

Eder Flag Manufacturing Co., Inc. ("Eder Flag") Lifetime Aluminum Cone Tapered Commercial Flagpole Shaft Warranty (this "Warranty")

Eder Flag warrants for their intended use lifetime that the aluminum tapered flagpole shafts it manufactures will be free of defects in workmanship and material at the time of shipment. [When materials furnished on this job are used for the purpose intended, Eder Flag hereby warrants the cone-tapered aluminum flagpole shaft(s) shipped after May 1, 2017.]

This Warranty extends to the original purchaser only and covers the aluminum cone tapered flagpole shaft only and does not include any accessories or connecting hardware (including, without limitation, anchor bolts and foundations). This Warranty and the rights hereunder may not be assigned, transferred, or otherwise conveyed by the original purchaser. The accompanying hardware (except for snaps, rope, ornaments or cable) is warranted for one (1) year from date of purchase.

Items damaged by improper installation and/or grounding, overloading with incorrect flag size, winds exceeding flagpole wind rating (flagged), accident, vandalism, vehicular impact, transportation/shipping or neglect or negligence by any person are not covered by this Warranty. This Warranty does not include failures caused by the following on-site conditions: wind-induced vibrations and corrosive soils with low (under 5) pH values (Alkaline) or high (over 9) pH values (Acidic).

This Warranty will be void effective immediately in all respects if any alterations, modifications, or additions are made to our product unless Eder Flag approves such alterations, modifications, or additions in writing in advance. This Warranty does not apply to, and Eder Flag shall not be liable or responsible for labor, dismantling, transportation, re-erection, shipping, removal, re-installation, taxes, or other similar incidental costs. In no event shall Eder Flag be liable for any loss of use, revenue, or profit, or consequential, indirect, special, exemplary, punitive, back charges, or liquidated damages, whether arising out of breach of contract, tort (including negligence) or otherwise, regardless of whether such damages were foreseeable and whether or not Eder Flag has been advised of the possibility of such damages, and notwithstanding the failure of any agreed or other remedy of its essential purpose. In no event shall Eder Flag's aggregate liability arising out of or related to this Warranty, whether arising out of or related to breach of contract, tort (including negligence) or otherwise exceed the cost of a replacement flagpole.

Material that needs to be returned will require a written authorization form from Eder Flag, including correct shipping instructions. Material returned without a return authorization will not be accepted.

This Warranty excludes any finishes, such as powder coating and anodizing processes.

Eder Flag will, at its sole discretion, repair, replace, or credit the original purchaser's account for any product that does not conform to this Warranty, and such repair, replacement, or credit shall be such purchaser's sole and exclusive remedy under this Warranty and otherwise. Except for the warranties expressly set forth in this lifetime warranty, Eder Flag makes no other warranties, express or implied, whatsoever with respect to aluminum tapered flagpole shafts, and all other warranties are hereby expressly disclaimed, including, without limitation, any warranty of merchantability, any warranty of fitness for a particular purpose and any warranty against infringement of intellectual property, whether express or implied by law, course of dealing, course of performance, usage of trade or otherwise. The purchaser acknowledges that this disclaimer is conspicuous.

31329579.2

RECEIVING AND STORAGE INSTRUCTIONS

Flagpole shafts can stain if they are allowed to remain in contact with wet or damp wrapping material. If there is any sign of exposure to moisture, remove the shaft from the tube and unwrap it immediately to allow it to dry. If the flagpole is to be stored outdoors, the paper wrapping must be removed, and the flagpole must be stored off the ground.

EXCLUSIVE EDER FLAG M-WINCH SUCCESSFULLY USED IN THE FIELD FOR OVER 40 YEARS

For over 40 years, the exclusive Eder Flag M-Winch has been successfully used in the field. It is a gearless and self-locking winch that requires no maintenance or monthly lubrication. It eliminates the need for a separate brake and smoothly raises and lowers the flag with minimal effort. The M-Winch does not require welding, and the flush mount design gives it a clean appearance. The cylinder lock and key and the Eder Flag M-Winch handle provide additional flag security.

See page 161 for M-Winch pricing.

FEATURES

- Maintenance-free – no lubrication needed
- Sleek design
- Secure – requires a key and specialized handle to lower flag
- Quick raising and lowering of flag
- Absence of separate braking system minimizes chance of slippage
- Available in flagpole models ranging from 20'-80'

This is the appearance of the M-Winch in the locked position.

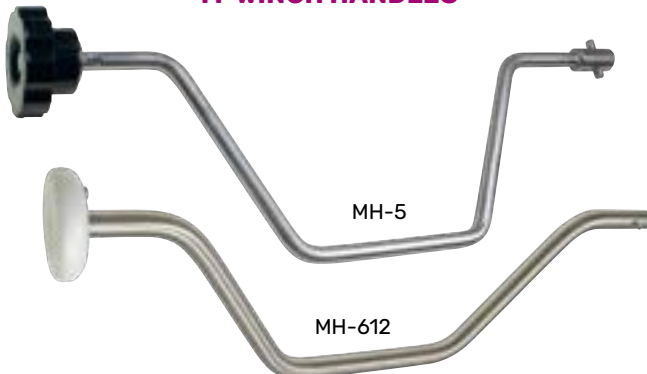

To remove the lock, insert the key, turn counter-clockwise, and remove the lock, exposing the M-Winch insertion slot.

Insert the handle into the M-Winch insertion slot, apply inward pressure to the locking mechanism, and raise or lower the flag to the desired position.

M-WINCH HANDLES

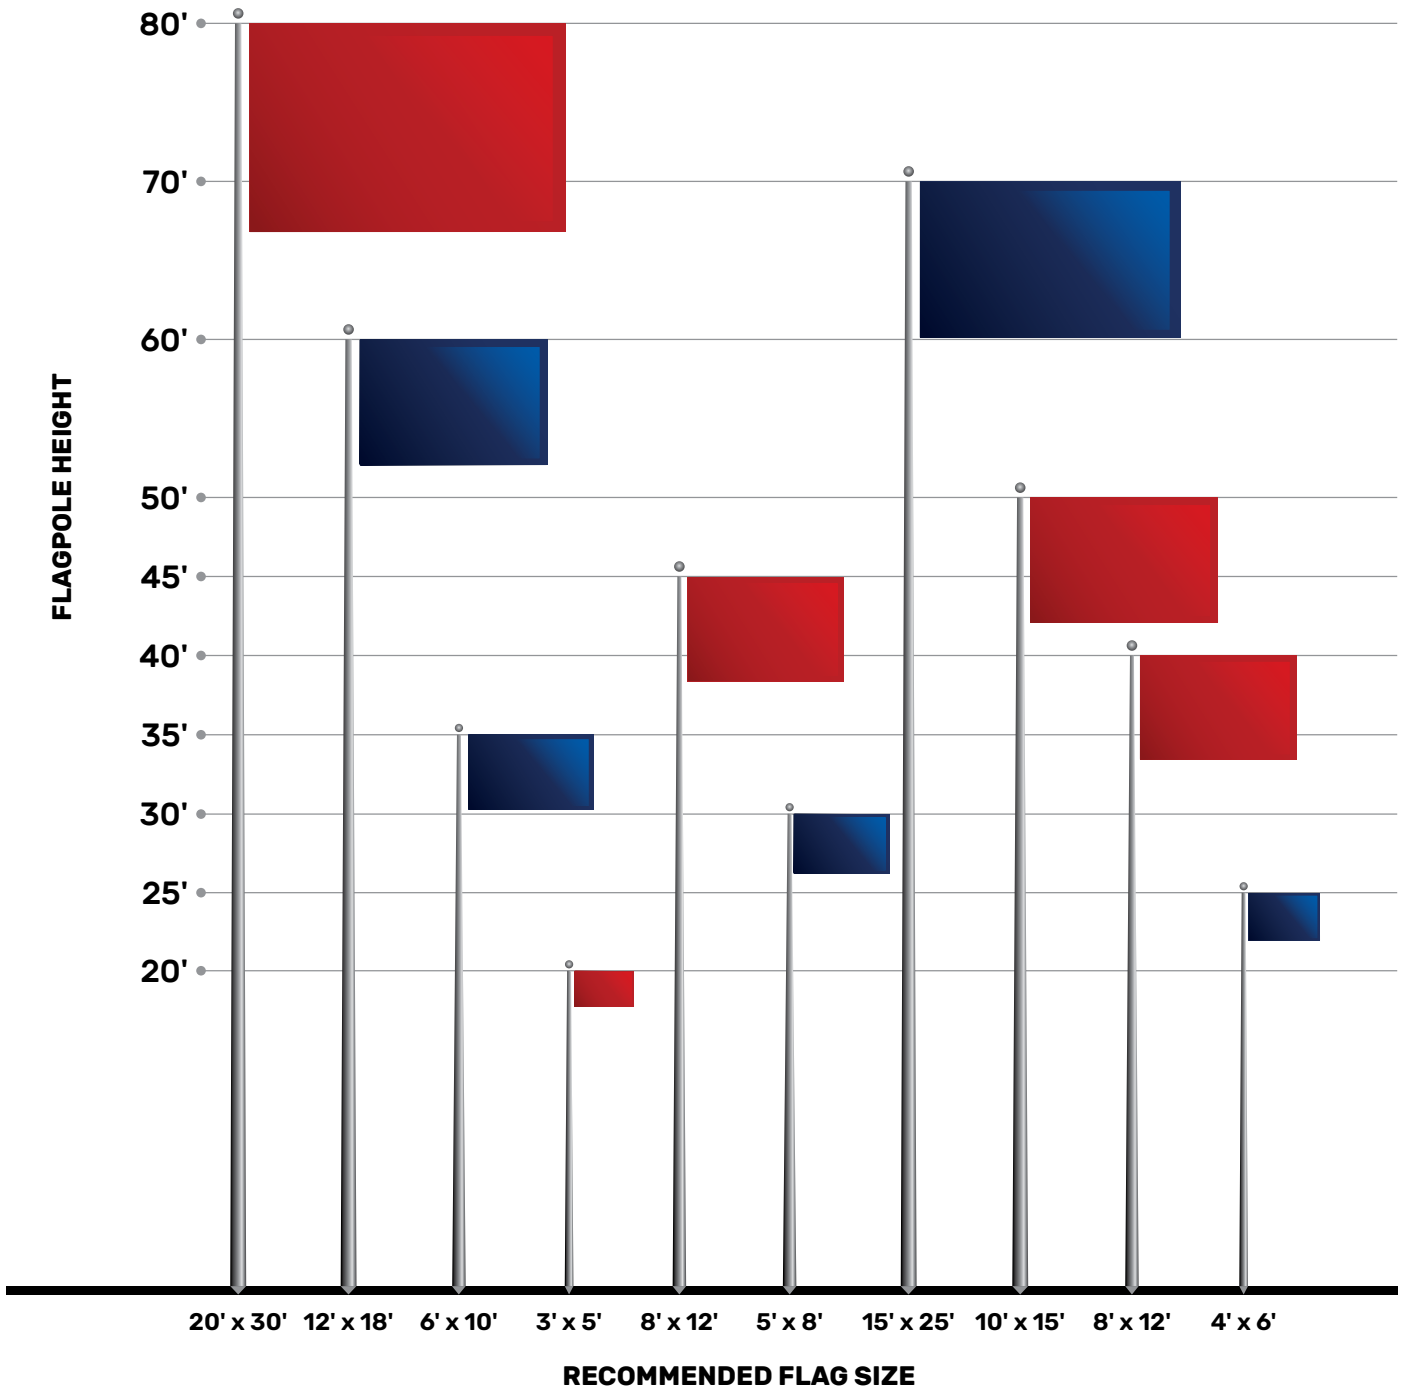

LOCKS & KEYS FOR M-WINCHES

GUIDELINES FOR SELECTING THE RIGHT FLAGPOLE HEIGHT AND FLAG SIZE FOR YOUR DISPLAY

When selecting the height of your flagpole and the size of your flag, you must consider the location where you will display the flag and the surrounding environment. Flying flags larger than the recommended flag size increases the stress load on the flagpole which could potentially void the shaft warranty. If you plan to fly multiple flags on the same pole, ensure that the total square footage of all the flags does not exceed the square footage of the recommended flag size. Review any local ordinances or regulations to verify no flagpole height restrictions.

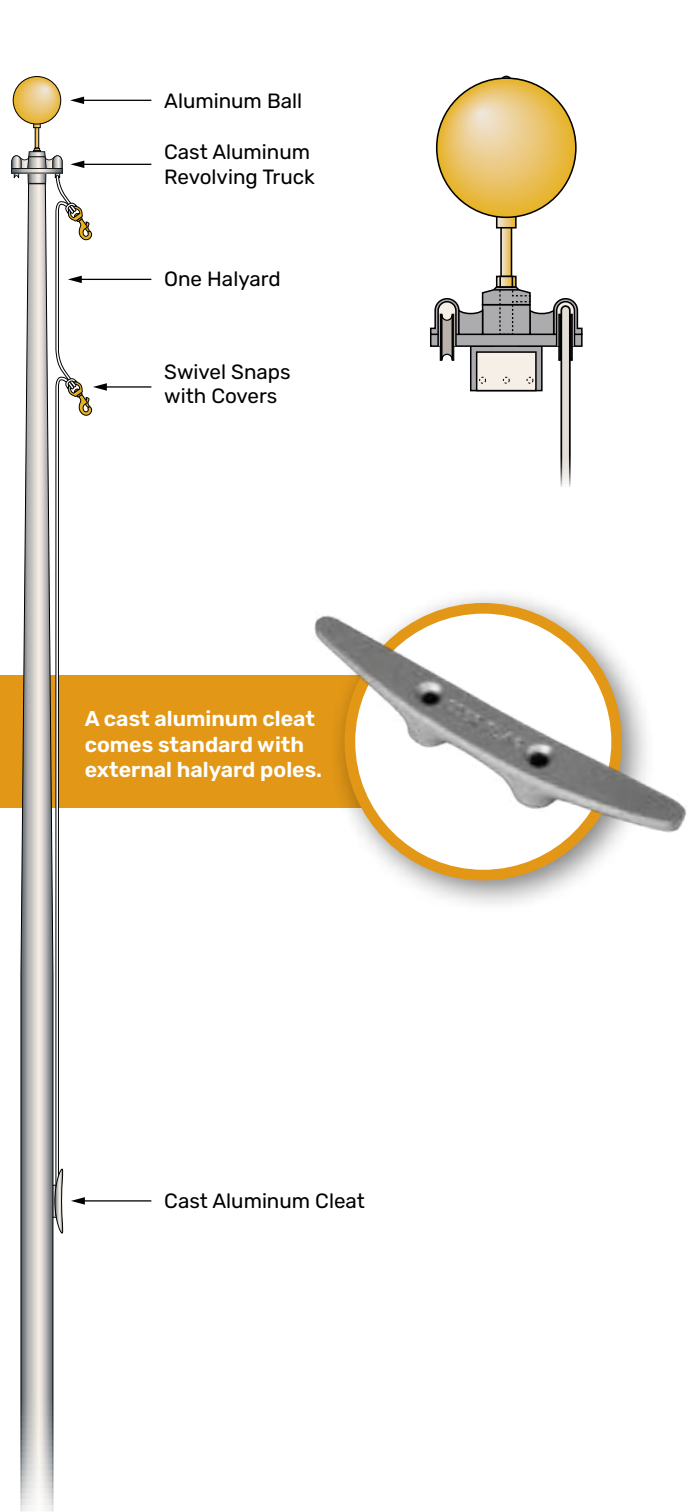

OUTDOOR FLAGPOLES

EXTERNAL HALYARD

Available with Architectural, Hurricane, Economy Extra, Atlas, and Special Budget Series Flagpoles

FEATURES INCLUDE:

- Traditional appearance
- Easy to maintain
- Options for security
- Manual operation
- Option for double cleat and halyard for backup

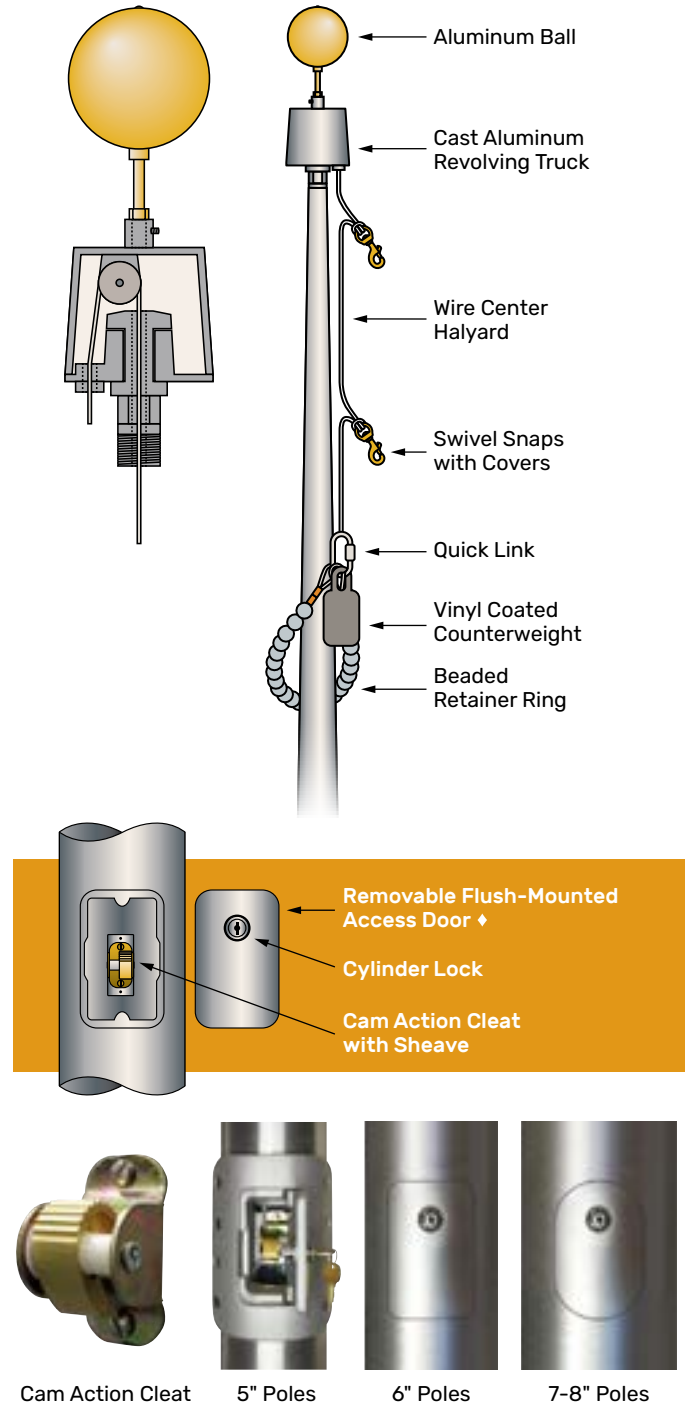

INTERNAL HALYARD WITH CAM CLEAT SYSTEM

Available with Vanguard Series Flagpoles

FEATURES INCLUDE:

- Economical choice for an internal halyard system
- Locking door for security
- Easy to maintain
- Polyester wire centered halyard inside the flagpole

♦ 5" diameter poles supplied with a hinged access door and frame unit. 6" and larger diameter poles supplied with a removable flush-mounted access door which is internally framed for added strength.

INTERNAL HALYARD WITH M-WINCH

Available with Deluxe IH and Hurricane Deluxe IH Series Flagpoles

These internal halyard flagpoles come with the M-Winch mounted inside the flagpole shaft, operable only with a removable crank handle.

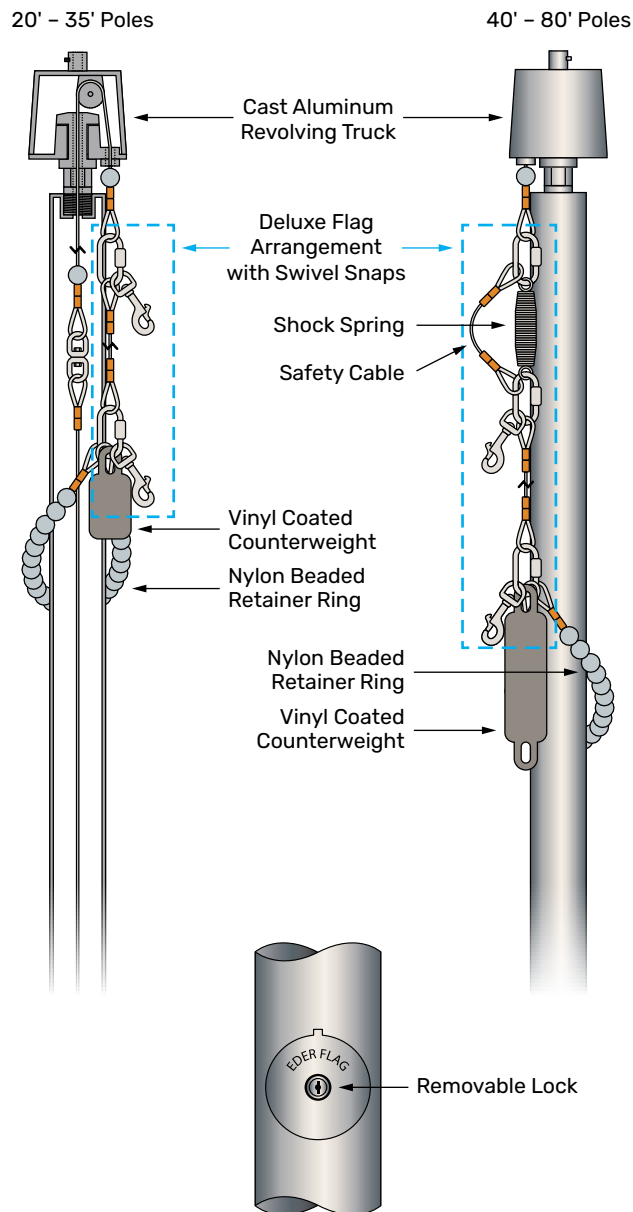

FEATURES INCLUDE:

- Clean appearance
- Easy to raise & lower flag with M-Winch handle
- Low maintenance – no winch lubrication needed
- Security supplied with cylinder lock and key

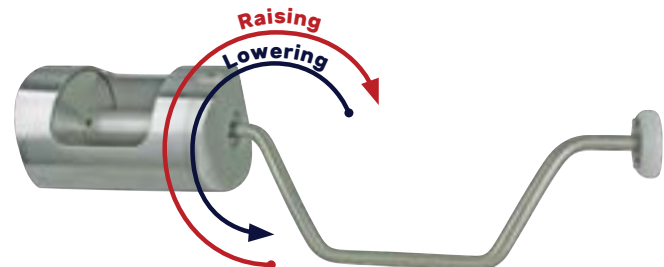

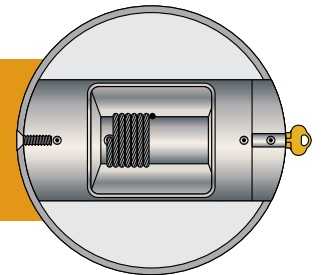

M-WINCH

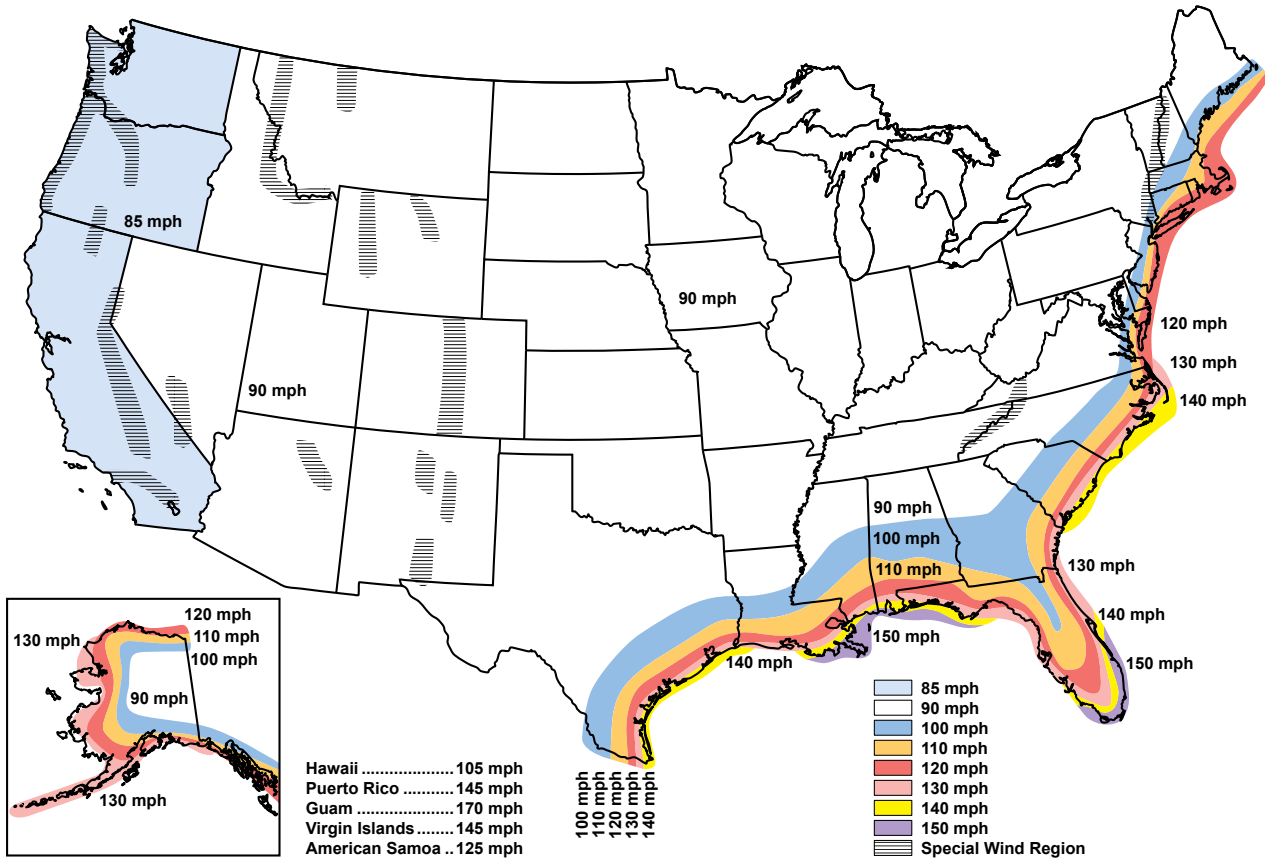

FEATURES INCLUDE:

- Maintenance-free – no lubrication needed
- Sleek design
- Secure – requires a key and specialized handle to lower flag
- Quick raising and lowering of flag
- Absence of separate braking system minimizes chance of slippage
- Available in flagpole models ranging from 20'-80'

M-WINCH DETAIL
No welding is required.
No monthly lubrication is needed.

GROUND SET CONE TAPERED ALUMINUM FLAGPOLES WIND LOAD CHART

The map above shows the maximum steady wind expected at an elevation of thirty feet above ground level within a fifty-year period of recurrence. Areas with the same maximum constant or steady wind speed are indicated.

Because wind speeds are usually not constant, and gusts are involved, flagpoles (both flagged and unflagged) are listed in this catalog with a constant wind speed and a 1.3 gust factor.

Flagpoles and their associated wind speeds listed assume that ten percent of the overall length of the flagpole is buried at or near ground level per industry recommendations. Special engineering may be required for other applications such as wall or roof mounted flagpoles. Contact us for a prompt response regarding any situation that may require special engineering.

Safe flagpole design requires knowledge of the loads to which they will be subjected. Principal load acting on flagpoles is wind load and that load must be carefully determined. Maximum wind speeds to which flagpoles are exposed are dependent upon many factors such as geographical location, whether or not it is in the center of a large city, a small town's outskirts, seashore, at ground level or on the roof of a high building. Wind speeds generally are higher along coastal areas than inland. They are also higher in open country than in the center of cities. Wind speed also becomes greater as height above ground increases. Wind exerts a force on the pole as well as the flag, thus both loads must be added to determine total load. Flags of different sizes are designed to be flown from different poles.

It's important that flagpoles be selected which are capable of supporting the largest flag intended to be flown in the highest wind speed to which it will be subjected. Loads on flagpoles are resisted by the mounting foundation, roof, or wall to which it is secured.

- Specified wind speed calculations are based on nylon flag material and use of suggested flag size.
- All flagpole design calculations are in accordance with GUIDE SPECIFICATIONS FOR DESIGN LOADS OF METAL FLAGPOLES, ASNI/NAAMM FL 1001-07 Fifth Ed.

PLEASE NOTE: recommended flag sizes throughout this catalog do not represent a guarantee that the flag size shown may be safely flown in all wind speeds. When flying oversized flags or flags above the maximum wind rating, personal injury, flagpole damage or property damage can occur.

Signed and sealed engineering documentation is available upon request. In house NAAMM based loading calculations are available upon request at no charge. Signed and sealed engineering documents available for all states at a fee.

See [page 117](#) for receiving and storage instructions.

OUTDOOR FLAGPOLES

Eder Flag Manufacturing cone tapered aluminum flagpoles are precision fabricated from seamless 6063-T6 alloy tubing, utilizing the industry's most sophisticated manufacturing processes. All aluminum flagpole shafts are polished with fine-grain aluminum oxide cloth resulting in a high-quality finish.

SATIN FINISH

Satin finish is the most common and most specified finish in the flagpole industry. This is a brushed finish created during the polishing process, resulting in a smooth and consistent appearance. Its elegant, soft sheen is low-maintenance and is highly resistant to corrosion.

STANDARD ANODIZED FINISHES

Standard anodized finishes are Clear, Dark Bronze (#313) and Black.

Anodizing is an electrochemical process that results in a colored aluminum oxide layer on the aluminum surface. This finish allows for greater durability, increased protection from the elements, and enhanced corrosion resistance, making it ideal for coastal environments. Because the finish is fully integrated with the aluminum itself, it will not flake or peel.

PLEASE NOTE: Due to the inherent nature of the anodizing process, Eder Flag does not warrant anodized finishes with regards to consistency and color uniformity. Color variation will inherently occur between tube, casting, and weld alloys. Castings and welds require varying levels of localized touch up painting to help approximate the color of the anodized product. Differences in the surface properties of the shaft caused by cold working fabrication processes such as tapering can result in color variations of the anodized finish. The anodizing process may also increase the potential visibility of die lines.

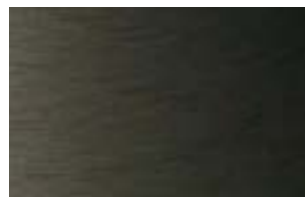

A custom color powder coated finish is also available. We offer white, black, gray, and custom colors upon request. A powder coat painted finish may be more suitable for a particular project. Please contact us for a prompt quotation.

SPECIAL BUDGET SERIES

External Halyard Ground Set Cone Tapered Aluminum Flagpoles

STANDARD ACCESSORIES

- Gold anodized aluminum ball ornament
- Cast aluminum stationary truck with pulley (ECS35 has a revolving truck as standard)
- Solid braided polyester halyard
- Cast aluminum cleat with mounting screws
- Metal swivel flag snaps with vinyl covers
- Flash collar not included as standard equipment for this series
- PVC foundation sleeve (ECS30 & ECS35 poles have a galvanized steel sleeve as standard)

Add \$64.00 to any of the flagpole prices on this page for double-cleat/double-halyard flagpoles. Add \$40.00 for flash collar.

* Flagpole models available in both one and two section styles; please specify when placing your order. Single section pole(s) will be shipped if not specified.

Add 10% to the pricing for two section style flagpoles.

** Flagpole models also available in multi-piece pole(s). See [page 129](#) for three and four section model pricing.

SECTIONAL SPECIAL BUDGET SERIES

External Halyard Ground Set Cone Tapered Aluminum Flagpoles

Looking for an excellent way to reduce your shipping costs on 20 ft. and 25 ft. aluminum flagpoles?

Eder Flag's three section 20 ft. and four section 25 ft. Special Budget Series flagpoles can be shipped via parcel carrier!

These popular poles are:

- Simple to install and come complete in a boxed set with all the standard accessories.
- Easy to store in your warehouse or backroom.
- Available in satin, clear, bronze and black anodized finishes.

This line of commercial grade flagpoles, manufactured using 6063-T6 aluminum tubing, can be used in both residential and commercial applications. These cone tapered flagpoles have the elements of a one piece pole with the advantage of low shipping costs.

Add \$64.00 to any of the flagpole prices on this page for double-bleat/double-halyard flagpoles. Add \$40.00 for flash collar.

DELUXE LED SOLAR FLAGPOLE LIGHT

See [page 175](#) for more information.

DELUXE IH SERIES WITH M-WINCH

Internal Halyard Ground Set Cone Tapered Aluminum Flagpoles

These internal halyard flagpoles contain a winch mounted inside the flagpole shaft, operable only with a removable crank handle. As the stainless steel cable unwinds from the winch, it passes up through the inside of the flagpole shaft, over the truck sheave to the outside of the shaft, where the retainer ring provides a sliding anchor. A counterweight, heavily coated with neoprene, attached to the retainer ring, allows the halyard to be lowered for fastening or removing the flag. The winch is gearless and self-locking at any point, eliminating the need for a separate brake. This direct drive winch provides rapid raising and lowering of the flag with little effort. This design does not require any welding, thus avoiding discoloration when an anodized finish is desired. No monthly lubrication is needed.

STANDARD ACCESSORIES

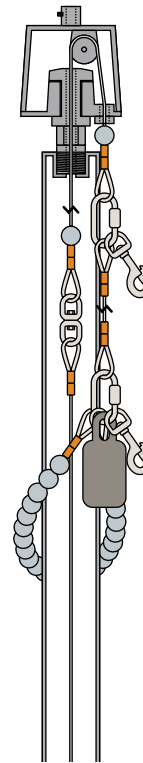

- Cast aluminum revolving truck with enclosed stainless steel bearings and raceway
- Stainless steel cable assembly
- Deluxe flag arrangement
- Retainer ring and counterweight
- M-Winch system
- Spun aluminum flash collar
- Galvanized steel foundation sleeve
- See [page 145-146](#) for optional ornament selections

* Flagpole models available in both one and two section styles; please specify when placing your order. Single section pole(s) will be shipped if not specified.

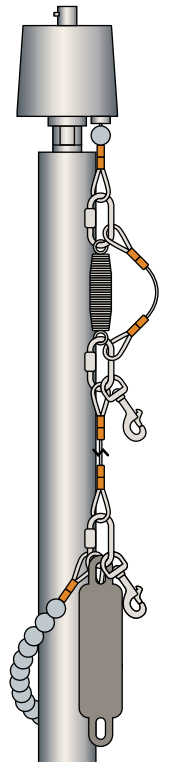

Add 10% to the pricing for two section style flagpoles.

** Flagpole models available in multi-piece pole(s) only.

HURRICANE DELUXE IH SERIES WITH M-WINCH

Internal Halyard Ground Set Cone Tapered Aluminum Flagpoles

These internal halyard flagpoles contain a winch mounted inside the flagpole shaft, operable only with a removable crank handle. As the stainless steel cable unwinds from the winch, it passes up through the inside of the flagpole shaft, over the truck sheave to the outside of the shaft, where the retainer ring provides a sliding anchor. A counterweight, heavily coated with neoprene, attached to the retainer ring, allows the halyard to be lowered for fastening or removing the flag. The winch is gearless and self-locking at any point, eliminating the need for a separate brake. This direct drive winch provides rapid raising and lowering of the flag with little effort. This design does not require any welding, thus avoiding discoloration when an anodized finish is desired. No monthly lubrication is needed.

STANDARD ACCESSORIES

- Cast aluminum revolving truck with enclosed stainless steel bearings and raceway
- Stainless steel cable assembly
- Deluxe flag arrangement
- Retainer ring and counterweight
- M-Winch system
- Spun aluminum flash collar
- Galvanized steel foundation sleeve
- See [pages 145-146](#) for optional ornament selections

VANGUARD SERIES

Internal Halyard Ground Set Cone Tapered Aluminum Flagpoles

The Vanguard Series provides an intelligent, economical alternative to deluxe internal halyard systems.

STANDARD ACCESSORIES

- Gold anodized aluminum ball ornament
- Cast aluminum revolving truck with enclosed stainless steel bearings and raceway
- Polyester wire center halyard
- Swivel flag snaps with vinyl snap covers
- Retainer ring and counterweight
- Stainless steel quick link
- Cam action cleat (accessible behind a lockable access door)
- Spun aluminum flash collar
- Galvanized steel foundation sleeve

* Flagpole models available in both one and two section styles; please specify when placing your order. Single section pole(s) will be shipped if not specified.

Add 10% to the pricing for two section style flagpoles.

** Flagpole models available in multi-piece pole(s) only.

OUTDOOR FLAGPOLES

ALTERNATIVE BASES

TILTING SHOE BASE FLAGPOLES

All of the cone tapered aluminum flagpoles on [pages 124-137](#) with a 3", 4", 5" or 6" butt diameter can be supplied with a tilting shoe base, with the exceptions noted below. The tilting base is circumferentially welded to the base eliminating the need for a flash collar. The hinged portion of the base is held in place by (3) stainless steel, allen head bolts and pivots on a solid aluminum pivot rod. Anchor bolts are furnished for mounting to a concrete base. Not recommended for nautical poles.

- Maximum flagpole height for Tilting Shoe Base mount is 30' exposed
- Tilting Shoe Base is not available with the Hurricane Series Flagpoles
- Adding any Shoe Base mount will reduce the wind rating of the flagpole
- Shoe Base mounts are recommended for grade level mounting only

For tilting shoe base flagpoles, add the following pricing to the flagpole prices on [pages 124-137](#).

Item#	Butt Dia.	1-2	3-6	7+
323882	3"	\$860	\$840	\$770
323883	4"	1,050	980	950
323884	5"	1,070	1,040	960
323885	6"	1,070	1,040	960

SHOE BASE FLAGPOLES

All cone tapered aluminum flagpoles up to 8" butt diameter on [pages 124-137](#) can be supplied with a shoe base mounting system. The aluminum base is circumferentially welded to the flagpole shaft. A high profile spun aluminum flash collar is supplied as standard unless otherwise specified. Anchor bolts are furnished for mounting to a concrete base. In addition to a shoe base, a mandrel is inserted into pole for added structural support.

- Adding any Shoe Base mount will reduce the wind rating of the flagpole
- Shoe Base mounts are recommended for grade level mounting only

For shoe base flagpoles, add the pricing below to the flagpole prices on [pages 124-137](#).

Item#	Butt Dia.	1-2	3-6	7+
323887	3"	\$530	\$520	\$500
323889	4"	570	550	530

323891	6"	670	650	600
323892	7"	680	670	650
323893	8"	720	710	680
-	10"	Call for pricing.		
-	12"	Call for pricing.		

If ordering three or more flagpoles that are different models, please contact a sales representative to inquire about our quantity discount.

VERTICAL WALL MOUNT SERIES

External Halyard Cone Tapered Aluminum Flagpoles

STANDARD ACCESSORIES

- Gold anodized aluminum ball ornament
- Cast aluminum revolving truck on 5" & 6" diameter poles; all others have a stationary truck as standard
- Cast aluminum cleat with mounting screws
- Solid braided polyester halyard
- Swivel flag snaps with vinyl covers
- Cast aluminum mounting brackets
- Mounting bolts with expansion shields are supplied as standard. If thru wall bolts are required, please advise length of bolt needed.

* Flagpole models available in both one and two section styles; please specify when placing your order. Single section pole(s) will be shipped if not specified. **Add 10% to the pricing for two section style flagpoles.**

- Single pulley
- **Construction:** cast aluminum
- **Pulley:** 2-1/2" outside diameter cast aluminum on 1/2" stainless steel axle
- **Max halyard diameter:** 3/8"
- **Truck Spindle:** 1-1/4" NPT threading
- **Flagpole:** up to 6" outside top diameter pole with female fitting installed
- **Ornaments:** accepts spindle threading of 1/2"-13NC. Secured by 1 stainless steel set screw (1/4"-20NC). **Can be supplied** with 5/8" threading size for use with 5/8" ornaments.
- **Movement:** utilizes enclosed stainless steel bearings and raceway

EXTRA HEAVY-DUTY SERIES

- For external halyard poles
- Threaded
- Revolving
- Double pulley
- **Construction:** cast aluminum
- **Pulleys:** 3-7/8" outside diameter cast aluminum on 1/2" stainless steel axles
- **Max halyard diameter:** 3/8"
- **Truck Spindle:** 1-1/4" NPT threading
- **Flagpole:** For up to 8" outside top diameter pole with female fitting installed
- **Ornaments:** accepts spindle threading of 1/2"-13NC. Secured by 1 stainless steel set screw (1/4"-20NC). **Can be supplied** with 5/8" threading size for use with 5/8" ornaments.
- **Movement:** utilizes stainless steel sealed ball bearing assemblies for ease of rotation, product life and strength

IH-1 SERIES

- For rope style internal halyard poles
- Cap style
- Stationary
- Single pulley
- **Construction:** cast aluminum
- **Internal Pulley:** 1-1/2" outside diameter nylon on 1/4" stainless steel axle. Pulley assembly affixed to inside of truck by 5/16"-18NC stainless steel set screw
- **External pulley:** cast nylon on 1/4" stainless steel axle (2" outside diameter on IH-1-3; 1-1/2" on IH-1-35)
- **Max halyard diameter:** 5/16"
- **Truck:** secured by 3 stainless steel set screws (size 5/16"-18NC)
- **Ornaments:** accepts spindle threading of 1/2"-13NC. Secured by 1 stainless steel pan head screw (size 10-32). **Can be supplied with 5/8" threading size for use with 5/8" ornaments.**

IH-2 SERIES

- For cable or rope style internal halyard poles
- Threaded
- Revolving
- Single pulley
- **Construction:** cast aluminum
- **Cable Bushing:** IHT-3 has a bronze fitting; all other sizes supplied with a stainless steel bushing at the cable exit point
- **Truck Spindle:** 1-1/4" NPT threading
- **Ornaments:** accepts spindle threading of 1/2"-13NC. Secured by 1 stainless steel set screw (1/4"-20NC). **Can be supplied with 5/8" threading size for use with 5/8" ornaments.**
- **Movement:** IHT-3 utilizes stainless steel sealed bearing assemblies; all other sizes utilize enclosed stainless steel bearings and raceway.

POLE TOP ADAPTERS

These adapters are used when mounting a truck that has a spindle threading of 1-1/4" NPT and the pole does not have a threaded top plug installed. The adapter is tapped 1-1/4" NPT and is designed to slip over the top of the pole and is secured by three 1/4"-20NC stainless steel set screws. Please specify color when ordering. If not specified, silver will be supplied.

M-WINCH:
Reliable. Maintenance-Free. Built to Last.

Our M-Winch features a gearless, self-locking design that holds securely at any position—no separate brake required. Its direct-drive system ensures smooth and efficient raising and lowering of your flag.

Designed for durability and ease, the M-Winch requires no welding, eliminating the risk of discoloration on anodized finishes. Completely maintenance-free, it never needs lubrication.

Installation is simple: the winch slides into the pole and is secured with a stainless steel bolt on the back. Each unit comes with a lock and key for added security.

OUTDOOR FLAGPOLE ACCESSORIES

STAINLESS STEEL WINCHES

These winches are available for use on flagpoles with a butt diameter of 6" or larger. These gearless winches utilize cast bronze internal brakes which release when a winch handle is inserted and rotational pressure is applied. The winch is locked at any position by removing the handle which engages the brake system. The small size is generally used on flagpoles up to 45'; the large size is used on flagpoles from 50' thru 80' and the X-Large size is used on flagpoles higher than 80'. The winch is mounted to the inside of the flagpole with two 5/16"-18NC stainless steel bolts with mounting centers being 3-1/2". Recommended stainless steel cable diameter is 1/8". Monthly lubrication required.

STANDARD FLAG ARRANGEMENTS

Constructed of 1/8" stainless steel aircraft cable with a stainless steel thimble attached at each end with 2 copper crimps. These flag arrangements provide the method of attaching the flag or flags to the cable assembly. This is also an excellent method for changing the quantity of flags or the size(s) of flag(s) without having to change the entire cable assembly. Standard flag arrangements are supplied with either 2 or 3 stainless steel quick links depending on the recommended flag size. Deluxe arrangements are supplied with a more complete set of accessories.

Shock spring and Safety Cable supplied with arrangements for 8' x 12' or larger flag sizes

OUTDOOR FLAGPOLE ACCESSORIES

CABLE ASSEMBLIES

Constructed of stainless steel aircraft cable incorporating a stainless steel swivel to minimize stress on the cable and reduce the possibility of the lower cable twisting due to the rotation of the truck assembly. If ordering a cable assembly separate from a flagpole, some field assembly will be required as the upper cable must be threaded through the truck assembly. The thimble and crimps for the outer end of the assembly are sent unattached. Standard cable assemblies are designed for flagpoles with an M-Winch installed at 4' above grade.

*To be used with 5" diameter poles with our M-5 Winch installed.

ROPE RETAINER RINGS

Retainer rings are generally used with internal halyard flagpoles by providing a means of keeping the bottom of the flag close to the pole and as an aid to raise and lower the flag. Retainer rings can also be used on large multi-grommet flags on both external and internal halyard flagpoles as a means to keep the flags close to the pole and reduce the strain on the upper and lower grommets of the flag. These roped retainer rings are constructed of 3/16" polyester wire center halyard with a zinc plated carbon steel thimble attached to both ends with an aluminum crimp. Complete with stainless steel quick link. Standard colors are White, Silver, Bronze and Black. Please specify color when ordering. If not specified Silver will be supplied.

BEADED RETAINER RINGS

Retainer rings are generally used with internal halyard flagpoles by providing a means of keeping the bottom of the flag close to the pole and as an aid to raise and lower the flag. Retainer rings can also be used on large multi-grommet flags on both external and internal halyard flagpoles as a means to keep the flags close to the pole and reduce the strain on the upper and lower grommets of the flag.

These beaded rings are constructed of either 1" or combination of 1" & 2" diameter nylon balls strung onto 1/8" stainless steel aircraft cable with a stainless steel thimble attached to each end with two copper crimps. Complete with stainless steel quick link. The length of each retainer ring is determined by measuring from the outside tip of each thimble (the quick link is not included in the measurement).

INTERNAL HALYARD DOOR & FRAME UNITS

This unit is designed for 5" diameter poles and is used with rope style internal halyard systems. Each unit consists of a hinged door mounted to the front of the frame and a cam cleat (optional) mounted to the back of the frame. The entire unit is inserted into the flagpole shaft and secured with eight 1/4"-20NC stainless steel screws. Lock & keys included. Standard colors are Silver, or painted to match Clear, Bronze, White or Black. Please specify color when ordering. If not specified Silver will be supplied.

HIGH PROFILE TRUMPET ALUMINUM FLASH COLLARS

Trumpet collars are generally used with flagpoles where a shoe base is welded to the bottom; however, these collars can be used on standard in-ground mounted flagpoles if a higher profile is desired. Supplied in a standard wall thickness of .060". The chart below contains the most commonly requested sizes. If custom sizes are needed, call or email for pricing and availability.

HIGH PROFILE SPLIT TRUMPET ALUMINUM FLASH COLLARS

A split trumpet collar differs from a standard trumpet collar because it can be installed on a flagpole without removing the pole from the foundation sleeve. It's perfect for poles where a standard collar was not previously installed or when replacing damaged collars. The collar is split in half and mounting tabs with screws are installed on the under side of the collar. The quantity and size of the mounting tabs may vary depending on the size of the flash collar ordered. Supplied in a standard wall thickness of .060". The chart below contains the most commonly requested sizes. If custom sizes are needed, call or email for pricing and availability.

STANDARD PROFILE SPLIT ALUMINUM FLASH COLLARS WITH .060" WALL THICKNESS

A split collar can be useful when replacing or adding a collar to an installed flagpole without removing the pole from the foundation sleeve. The collar is split in half and mounting tabs with screws are installed on the under side of the collar. The quantity and size of the mounting tabs may vary depending on the size of the flash collar ordered.

GALVANIZED STEEL FOUNDATION SLEEVES

The most common type of flagpole installation is the in-ground foundation sleeve method which calls for 1' of the flagpole to be encased in the ground sleeve for each 10' of exposed flagpole height. The diameter of the sleeve should be at least 2" greater than the outside butt diameter of the flagpole with the area between the flagpole and the sleeve filled with dry sand. Sleeves

WITH BASE PLATE & GROUNDING SPIKE

Item #	A	B	C	D	1-5	6+	Lbs.
380000	2'	6"	6"	8"	\$150	\$144	20
380002	3'	6"	6"	8"	193	187	24

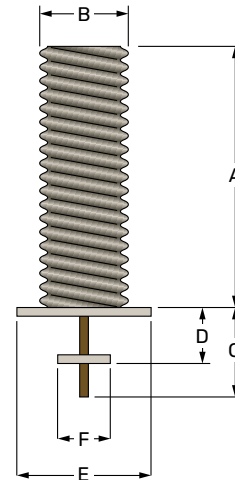

PVC SLEEVES

Poles slip into form fit sleeves snugly - no voids to fill with sand. Standard sleeves require wood wedges & sand for a proper installation.

Item #	For Pole Dia.	Len.	Type	1-5	6+	Lbs.
380015	1-3/8"	12"	Form Fit	\$11.30	\$10.00	.14

with a 6" diameter are supplied with a base plate and grounding spike. Sleeves with a diameter greater than 6" are supplied with a base plate, support plate, grounding spike and, for ease of vertical alignment, steel centering structure welded to the inside of the base plate. If you require sizes other than listed or have special on-site conditions, please contact us.

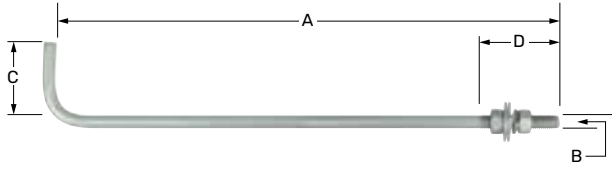

WITH BASE PLATE, SUPPORT PLATE, GROUNDING SPIKE & STEEL CENTERING STRUCTURE

* 4' & 4-1/2' ground sleeves are available in both one and two piece options. The two piece option would allow for parcel carrier shipping. Please contact a sales representative for details.

OUTDOOR FLAGPOLE ACCESSORIES

NON-TANGLE RODS

For Wall Mounted Outrigger Flagpoles

Crafted from durable 3/8" diameter stainless steel rod. Each size includes stainless steel fittings designed to securely attach to the flag's grommets.

- 30" and 48" lengths include one stainless steel fitting for attachment to the bottom edge of the flag.
- 72" and 84" lengths include three stainless steel fittings for secure attachment along the bottom edge.

Note: A reinforcing patch must be sewn into the flag to ensure proper attachment of the flag clamp. For optimal safety and performance, regular inspection of the rope and flag is recommended.

All sales will be subject to the terms and conditions contained herein. An objection by Buyer to any of the terms contained herein shall be deemed to have been waived if Eder Flag Manufacturing Co., Inc. (EFMC) does not receive the objection in writing within 10 days of receipt of invoice or acknowledgment or before part of the merchandise or services is accepted by Buyer, whichever may occur first.

1. **WARRANTY DISCLAIMER.** All products made by EFMC are inspected before shipment. If any goods prove to have been defective in material or workmanship at time of shipment, a claim shall be made by Buyer pursuant to the provisions set forth below. EFMC will repair or replace the goods at EFMC's discretion. Unless otherwise agreed by EFMC in writing, EFMC makes no warranties, express or implied. In no event shall EFMC be liable to Buyer for incidental or consequential damages.
2. **STATUTE OF LIMITATIONS.** Any action by Buyer against EFMC for breach of contract or any other legal theory must be commenced by Buyer within (1) year after the cause of action has occurred.
3. **RETURNS.** All returns must be authorized in advance by EFMC within (10) days of receipt of goods by Buyer. Buyer must pre-pay all freight on authorized returned goods. Freight claims resulting from return shipment are the responsibility of Buyer. Credit on account minus a restocking charge will be made upon inspection of returned goods. Custom, non-stock and special order items are not returnable. Returns will not be accepted after (10) days from receipt of merchandise and no adjustments of any kind will be made after 90 days from receipt of merchandise.
4. **SHORTAGES.** Claims for shortages must be made by Buyer within 48 hours of receipt of the goods, and no claims made after the expiration of such period will be entertained or allowed.
5. **DELAYS.** All orders are accepted by EFMC upon the express understanding by the Buyer that EFMC shall not be liable for delays in delivery of the goods or inability to deliver the goods caused by or due to inability to obtain transportation, equipment, or material, or by reason of fires, floods, storms, embargoes, actions of any military or civil authorities, whether legal or de facto, strikes, labor difficulties, riots, lock outs, acts of God, or similar or different circumstances beyond the control of the EFMC.
6. **FREIGHT.** All costs of freight, transportation, or mailing, unless prepaid, and all demurrage charges shall be paid by Buyer. Buyer shall also pay for all increased freight rates whether prepayment for freight rates has been made or not. Likewise, if freight charges have been prepaid and the actual freight charges are less than quoted, Buyer forfeits the difference.
7. **WAIVER.** A waiver by EFMC of any breach by Buyer shall not constitute a waiver by EFMC of any other breach by Buyer.
8. **DELIVERY.** Delivery of the goods by EFMC to the carrier at the point of origin shall constitute delivery of the goods to Buyer and thereafter the shipment of the goods shall be at Buyer's risk. All claims and allowances for damage to the merchandise incurred in transit must be filed against and presented to the carrier by Buyer. EFMC is not responsible for any delay, damage, or loss when goods are shipped under a buyers shipping account. Goods sent by mail are insured at cost of Buyer. See ederflag.com for additional shipping details.
9. **PAYMENT.** Prices Net 15 to approved credit. Terms are from date of invoice and not from date the goods are received. No extra dating. All payments shall be made in U.S. dollars. Any amounts past due are subject to a service charge of 1.5% per month (18% annually) starting 30 days after invoice date. The minimum merchandise billing amount of \$75.00 net and a service charge of \$5.00 will be charged on orders less than the minimum. **Credit/Debit Card Payments:** All credit/debit card payments will incur a convenience fee. If a credit/debit card payment is used at time of shipment, a 2% convenience fee will be added to the invoice. If a credit/debit card payment is used to pay an outstanding balance, net terms, a 3% convenience fee will be added to the invoice total. ACH and check payments are the preferred method of payment.
10. **CUSTOM PRODUCT.** Custom screen printed banners and flags are subject to variation in quantity. All orders subject to plus/minus 10% variance. Order accepted only on the basis that final invoice will reflect actual quantity delivered and Buyer agrees to accept and pay for overruns. All prices and specifications subject to change without notice. Deposit required for all custom and applique items, please see a customer service associate for details.
11. **CANCELLATIONS.** Orders for custom, non-stock and special order items cannot be cancelled except upon terms acceptable to EFMC that will compensate EFMC for costs incurred.

Continued on next page

TERMS & CONDITIONS

- 12. BACK ORDERS.** EFMC policy is to ship all available merchandise and back order the balance unless otherwise specified by the Buyer. Therefore, Buyer must accept partial shipments and pay partial invoices, handling fees and additional freight charges within EFMC payment terms.
- 13. DIES, TOOLS AND PATTERNS.** Charges made for dies, tools and patterns are part of the purchase price of the goods and do not convey ownership to Buyer. All dies, tools and patterns remain the property of EFMC, unless agreed by EFMC in writing.
- 14. COLLECTION.** Any collection fees, legal fees and/or court costs will be the responsibility of the Buyer in event of default based upon the terms of this agreement. In respect to such matters, legal fees by Buyer to EFMC will be defined as thirty-three and one-third percent (33⅓%) of any unpaid invoice. The jurisdiction of any and all legal disputes is the Circuit Court of Milwaukee County, Wisconsin. All parties waive the right to trial by jury.
- 15. SHIPPING WEIGHTS, PRICES and SPECIFICATIONS.** Weights published by EFMC are approximate and will vary according to size of shipping carton and/or packaging materials used. Weights are published for determining approximate freight charges by Buyer. EFMC is not responsible for any difference in calculated freight charges versus actual freight charges. All prices and specifications are subject to change without notice.
- 16. HANDLING FEES AND TAXES.** A \$3.00 Shipping and Handling Fee is added to each invoice. Where required by applicable law, sales taxes will be collected and remitted to the appropriate tax authority. To the extent known at the time of invoicing, such taxes will be added to any invoice and Buyer is responsible for all sales and use taxes. Properly completed and valid sales and use tax exemption certificates may reduce or eliminate the legal requirement to collect and remit sales taxes, if timely submitted to EFMC.
- 17. PRICING AND AVAILABILITY DISCLAIMER.** All pricing is subject to change. EFMC reserves the right to make adjustments to pricing, product and service offerings for reasons including, but not limited to, changing market condition, production discontinuations, product unavailability and errors in advertisements. All orders may be subject to product availability.

We accept ACH, Check, Visa, MasterCard and American Express

RETAILER RESOURCES – ONLINE

Our free retailer portal streamlines your entire ordering experience – from the moment you place an order to final fulfillment.

Inventory and Pricing: Gain instant access to a comprehensive list of detailed inventory listings and up-to-date pricing information.

View Order Status: Track your orders in real time, keeping you informed about the status of your purchases from processing to delivery.

Efficient Ordering: Streamline your ordering process with user-friendly tools that make placing orders faster and more convenient.

Live Tracking: Gain visibility into the shipping process with live tracking, giving you peace of mind and enhancing your customer service.

24/7 Availability: Enjoy the flexibility to place orders at any time, allowing you to manage your business effectively on your schedule.

Account Review: Convenient access to review your statements, balances, and invoices for efficient account management.

Please visit ederflag.com/pages/dealer-portal to access our retailer portal, view current dealer promotions, catalogs and shop drawings.
